Dear Mr. Weisberg,

While I was in Washington in February, I got a chance to look at the material that was released from 1965 on, despite my age. Even though the Archives did not show me everything released during that time span, I obtained several interesting photostatic copies of some of the documents.

On one of them, I failed to get the first page of a two page report by "Edward T. Bray CE."

The top of the second page, which I obtained, this is what appears:

"The organization.... [illegible]*
The assassin.... a distinguished ex-serviceman
The weapon.... a high-powered rifle
The method.... a sniper's bullet as you ride in an open car.
The location.... a parade in Dallas, Texas.

It (the report) also states that the above was sent "in a letter mailed August 12, 1963, to a member of the President's Cabinet;" and then "after the Dallas tragedy these details, along with photostats & photo's were sent to the Warren Commission."

There is another document with this at the top:

Memorandum for: Mr. J. Lee Rankin
Subject: Information disseminated to the Secret Service but not yet made available to the President's Commission

It is Commission document 674. If you do not have

these documents, by all means, you should obtain them by me or, probably better, the Archives. I think you would find them interesting.

Sincerely,

Lee Harvey Oswald

P.S. If you do have them, you should have published them in Post Mortem, in which you discussed the topic of the first document.
